**Athletic Training Room:**

The Athletic Training Room is located in the Post Center on the first level, Room 117. There are no athletic training facilities located at the Tupper Fields (tennis).

A certified athletic trainer, assisted by athletic training students, will cover home scheduled events. Non-traditional event coverage will depend on in-season coverage needs and staff availability.

Please notify us in advance if your team is not traveling with a certified athletic trainer. We will be able to provide pre-game taping for your athletes if supplies are provided by your institution. In addition, a phone call or a written note signed by your certified athletic trainer will be necessary to treat athletes with electrical modalities.

Please bring your own towels for the sidelines. Endicott College will not be able to provide bench towels.
