Health Form 2023–24

(Beverly Campus)

PLEASE NOTE: ALL STUDENTS must see that this form is completed, signed, and returned to the Health Center no later than July 1, 2023 for fall semester or January 15, 2024 for spring semester.

Mail to: Health Center at Endicott College, 376 Hale Street, Beverly, MA 01915 or fax to 978-998-8004.
Any student failing to do so will be prohibited from residing on campus or attending classes.

We recommend that you make and keep a copy of this form for your records.

Your health information is private and protected by state and federal law. Endicott College is dedicated to protecting your rights.

Instructions for Completing All Necessary Health Forms

Health Form Sections

- The student fills out the Student Information section. Please print clearly.
- Your health care provider fills out the Medical and Immunization History and Physical Examination sections. (Your physical examination must have been done within the last 12 months.)
- Your health care provider may elect to submit this information on their own paperwork, as long as the information is on the practice's letterhead or stamped with the medical practice's information.
- As a COVID-19 Vaccination is required for all Endicott students, the student or a health care provider must submit a COVID-19 vaccination card or proof of vaccination

Tuberculosis Screening Questionnaire

- The Tuberculosis Screening Questionnaire is a two-sided form. (The student fills out Part I, and if he or she answers "no" to all of the risk questions, there is no need to fill out Part II.)
- If the answer to any of the questions is "yes," the student's health care provider must complete Part II.

Information on Meningococcal Disease

The form titled "Information about Meningococcal Disease, Meningococcal Vaccines, Vaccination Requirements, and the Waiver for Students at Colleges and Residential Schools" is a separate document from this Health Form. It explains that all newly enrolled full-time students 21 years of age and younger AND all students living in campus housing must have had a dose of quadrivalent meningococcal vaccine within the past five years or must complete the waiver form.

If you misplace the forms, additional forms can be accessed on the Endicott College Health Center web page at endicott.edu/orientation. If you have any questions or concerns, please contact the Health Center at Endicott College at 978-232-2104 or wellness@endicott.edu.

For Athletes Only

All athletes must make two copies of this entire form and send one to the athletic training department and one to the Health Center.

Endicott Varsity or Club Team(s):

_____

Student Information

To be completed by student. Please print clearly.

Name of Student _____ Endicott ID # _____
Last First Middle

Date of Birth _____/_____ /_____ Gender _____ Place of Birth _____
Month Day Year Country

Permanent Street Address _____

City _____ State _____ Zip Code _____

Student's Telephone Numbers: Home (_____) _____ Cell (_____) _____

Student's Email _____

Academic Year (check one): ❑ Freshman ❑ Sophomore ❑ Junior ❑ Senior

To be signed by student

I grant permission to the Health Center to release a copy of this Health Form to relevant personnel within the College for the purpose of obtaining information required for my major and/or athletic involvement. I understand that Endicott College cannot be held responsible for the accuracy of the information contained herein.

Student Signature_____ Date _____

Telephone Numbers: Home (_____) _____ Business (_____) _____ Cell (_____) _____

Consent for Emergency Treatment

To be signed by parent/guardian if student is under 18 years of age.

I give permission for medical treatment for my son/daughter if an accident/illness should occur while he/she is a student at Endicott College. This includes referral to a local hospital, hospitalization, anesthesia, and/or surgery should it be necessary and I cannot be reached.

Parent/Guardian Name (print)_____ Relationship to Student _____

Parent/Guardian Signature _____ Phone _____ Date _____

Health Insurance Information (required)

Please attach a photocopy of the front and back of your health insurance card.
In accordance with Massachusetts state law, students must provide proof of health insurance that is current and valid.

Insurance Company _____ ID# _____ Group# _____

Name of Subscriber _____ Subscriber Date of Birth _____

Please bring to campus information about deductibles, co-pay amounts, and referrals required by your insurance provider.
If you plan to enroll in the College-sponsored plan, please write "Endicott College Insurance" for the Insurance Company, and leave the rest blank.

For Students Seeking Accommodations

(Physical, Psychological, or Learning)
Please notify the Center for Accessibility Services at 978-232-2927 or access@endicott.edu.
Staff members there can discuss your needs and requests with you.

Medical & Immunization History

To be completed and signed by health care provider at time of examination.

Student Name _____ Date of Birth _____

MASSACHUSETTS LAW (College Immunization Law, Chapter 76, Section 15c) and Endicott College require verification of immunity for measles, mumps, rubella, tetanus, diphtheria, pertussis, hepatitis B, and varicella. Exact dates are required for all immunizations and/or serological test results**. If serology titer is done, please attach copy of report**. If serology titer indicates lack of immunity, vaccines must be administered. Immunizations administered prior to first birthday are invalid. History of diseases is not acceptable documentation of immunity, except for varicella. No documentation for varicella is required for those born before 1980.

I. REQUIRED IMMUNIZATIONS

Month / Day / Year

A. MMR (Measles, Mumps, Rubella): Two doses required

Dose 1 (Immunized on or after first birthday) Dose 1 _____/_____ /_____

Dose 2 (Given at least one month after Dose 1) Dose 2 _____/_____ /_____

or

Documentation of positive antibody titer

Measles titer: Date _____/_____ /_____

Mumps titer: Date _____/_____ /_____

Rubella titer: Date _____/_____ /_____

B. Tetanus, Diphtheria, Acellular Pertussis (Tdap) Tdap _____/_____ /_____

One dose is required for all students (within the past 10 years).

C. Hepatitis B Vaccine: Three doses required

Dose 1 _____/_____ /_____

Dose 2 _____/_____ /_____

Dose 3 _____/_____ /_____

or

Documentation of a positive antibody titer (HBsAb) (attach copy of titer)

❑ Positive ❑ Negative Date _____/_____ /_____

D. Meningococcal (Quadrivalent) Vaccine (administered after age 16 and within the past five years) Date _____/_____ /_____

Required for all resident students AND all new full-time students 21 years of age and younger

E. COVID-19 Vaccination (include a copy of your vaccination card)

Dose 1 _____/_____ /_____

Dose 2 _____/_____ /_____

F. Varicella (Chicken Pox): Two doses required

Dose 1 _____/_____ /_____

or

Dose 2 _____/_____ /_____

Documentation of Varicella antibody titer (attach copy of titer)

❑ Positive ❑ Negative Date _____/_____ /_____

or

Documentation or reliable history of disease (chicken pox) verified by a healthcare provider:

No documentation needed for those born before 1980

II. PAST MEDICAL HISTORY

Please describe any history of past medical issues, hospitalizations, medications, and allergies.

Tuberculosis (TB) Screening Questionnaire

Name of Student _____ Endicott ID # _____
Last First Middle

Student Signature _____

PART I

To be completed by the student

Please answer the following questions:

1. Have you ever had close contact with persons known to have or suspected of having active TB? ❑ Yes ❑ No
2. Were you born in one of the countries or territories listed below that have a high incidence of active TB? ❑ Yes ❑ No
   If yes, please CIRCLE the name of the country or territory in the list below.
3. Have you had visits of one month or more to any of the countries or territories listed below that have a high prevalence of TB ? ❑ Yes ❑ No
   If yes, please CIRCLE the name of the country or territory in the list below.

Countries with High Rates of Tuberculosis

Zimbabwe

Please Note:

If the answer to any of the above questions is "yes," Endicott College requires that you receive TB testing as soon as possible, but at least prior to the start of the subsequent semester. In addition, your health care provider must complete Part II of this form (on reverse side).

If the answer to all of the above questions is "no," no further testing and no further action is required.

Name of Student _____ Endicott ID# _____

PART II
Clinical Assessment by Health Care Provider

Persons answering YES to any of the questions in Part I are candidates for either Mantoux Tuberculin Skin Test (TST) or Interferon Gamma Release Assay (IGRA), unless a previous positive test has been documented.

History of a positive TB skin test or IGRA blood test? (If yes, document below) ❑ Yes ❑ No

History of BCG vaccination? (If yes, consider IGRA if possible.) ❑ Yes ❑ No

1. Tuberculosis Symptom Check

Proceed with additional evaluation to exclude active tuberculosis disease including tuberculin skin testing, chest X-ray, and sputum evaluation as indicated.

2. Tuberculin Skin Test (TST)

TST result should be recorded as actual millimeters (mm) of induration, transverse diameter; if no induration, write "0"
The TST interpretation should be based on mm of induration as well as risk factors. **

Date Given _____/_____ /_____ **Date Read** _____/_____ /_____

Result _____ mm of induration **Interpretation** ** ❑ Negative ❑ Positive

Date Given _____/_____ /_____ **Date Read** _____/_____ /_____

Result _____ mm of induration **Interpretation** ** ❑ Negative ❑ Positive

** Interpretation Guidelines		
5 mm or greater is positive: • Recent close contacts of an individual with infectious TB • Persons with fibrotic changes on a prior chest X-ray consistent with past TB disease • Organ transplant recipients and other immunosuppressed persons (including receiving equivalent of> 15 mg/d of prednisone for > 1 month) • HIV-infected persons	**10 mm or greater is positive:** • Recent arrivals to the U.S. (<5 years) from high prevalence areas or who resided in one for a significant amount of time • Injection drug users • Mycobacteriology laboratory personnel • Residents, employees, or volunteers in high-risk congregate settings • Persons with medical conditions that increase the risk of progression to TB disease including silicosis, diabetes mellitus, chronic renal failure, certain types of cancer (leukemias and lymphomas, cancers of the head, neck, or lung), gastrectomy or jejunoileal bypass and weight loss of at least 10% below ideal body weight	**15 mm or greater is positive:** • Persons with no known risk factors for TB who, except for certain testing programs required by law or regulation, would otherwise not be tested

3. Interferon Gamma Release Assay (IGRA)

Proceed with additional evaluation to exclude active tuberculosis disease including tuberculin skin testing, chest X-ray, and sputum evaluation as indicated.

Date Obtained _____/_____ /_____ **Specify method:** QFT-GIT T-Spot Other _____

Result ❑ Negative ❑ Positive Indeterminate Borderline (T-Spot only)

Date Obtained _____/_____ /_____ **Specify method:** QFT-GIT T-Spot Other _____

Result ❑ Negative ❑ Positive Indeterminate Borderline (T-Spot only)

4. Chest X-ray: (Required if TST or IGRA is positive)

TST result should be recorded as actual millimeters (mm) of induration, transverse diameter; if no induration, write "0".
The TST interpretation should be based on mm of induration as well as risk factors. **

Date of X-ray _____/_____ /_____ **Result** ❑ Normal ❑ Abnormal

❑ Student agrees to receive treatment ❑ Student declines treatment at this time
