## Health Form 2021-22

(Beverly Campus)

**PLEASE NOTE: ALL STUDENTS must see that this form is completed, signed, and returned to the Health Center no later than August 1, 2021 for fall semester or January 15, 2022 for spring semester.**

Mail to: Health Center at Endicott College, 376 Hale Street, Beverly, MA 01915 or fax to 978-998-8004.  
**Any student failing to do so will be prohibited from residing on campus or attending classes.**

We recommend that you make and keep a copy of this form for your records.

*Your health information is private and protected by state and federal law. Endicott College is dedicated to protecting your rights.*

## Instructions for Completing All Necessary Health Forms

### Health Form Sections

- The student fills out the Student Information section. Please print clearly.
- Your health care provider fills out the Medical and Immunization History and Physical Examination sections. (Your physical examination must have been done within the last 12 months.)
- Your health care provider may elect to submit this information on their own paperwork, as long as the information is on the practice's letterhead or stamped with the medical practice's information.
- As a COVID-19 Vaccination is required for all Endicott students, the student or a health care provider must submit a COVID-19 vaccination card or proof of vaccination

### Tuberculosis Screening Questionnaire

- The Tuberculosis Screening Questionnaire is a two-sided form. (The student fills out Part I, and if he or she answers "no" to all of the risk questions, there is no need to fill out Part II.)  
If the answer to any of the questions is "yes," the student's health care provider must complete Part II.

### Information on Meningococcal Disease

The form titled Information about Meningococcal Disease, Meningococcal Vaccines, Vaccination Requirements, and the Waiver for Students at Colleges and Residential Schools is a separate document from this Health Form. It explains that all newly enrolled full-time students 21 years of age and younger AND all students living in campus housing must have had a dose of quadrivalent meningococcal vaccine within the past five years or must complete the waiver form.

If you misplace the forms, additional forms can be accessed on the Endicott College Health Center web page at [endicott.edu/orientation](http://endicott.edu/orientation). If you have any questions or concerns, please contact the Health Center at Endicott College at 978-232-2104 or [fma@endicott.edu](mailto:fma@endicott.edu).

#### For Athletes Only

All athletes must make **two** copies of this entire form and send one to the athletic training department and **one** to the Health Center.

Endicott Varsity or Club Team(s):  
\_\_\_\_\_

#### For Nursing Majors Only

All nursing majors must make **two** copies of this entire form and send one to the School of Nursing and **one** to the Health Center.

**Please Note:**

If the answer to any of the above questions is “yes,” Endicott College requires that you receive TB testing as soon as possible, but at least prior to the start of the subsequent semester. In addition, your health care provider must complete Part II of this form (on reverse side).

If the answer to all of the above questions is “no,” no further testing and no further action is required.

**PART II**

**Clinical Assessment by Health Care Provider**

Persons answering YES to any of the questions in Part I are candidates for either Mantoux tuberculin skin test (TST) or Interferon Gamma Release Assay (IGRA), unless a previous positive test has been documented.

History of a positive TB skin test or IGRA blood test? (If yes, document below)  Yes  No

History of BCG vaccination? (If yes, consider IGRA if possible.)  Yes  No

**1. Tuberculosis Symptom Check**

Proceed with additional evaluation to exclude active tuberculosis disease including tuberculin skin testing, chest x-ray, and sputum evaluation as indicated.

**2. Tuberculin Skin Test (TST)**

TST result should be recorded as actual millimeters (mm) of induration, transverse diameter; if no induration, write "0"  
The TST interpretation should be based on mm of induration as well as risk factors. \*\*
