

As part of Endicott's commitment to *Protect The Flock*, Endicott Transportation Services has implemented the following guidelines and requirements for using the shuttle system:

COVID-19 Shuttle Rider Guide

SIX PASSENGER LIMIT

Plan to take the shuttle earlier than you think for a better chance at a seat. Or, plan with friends to coordinate rides to and from campus.

FACE MASK REQUIRED

Masks must be worn when boarding and riding the shuttle.

SPACED SEATING

Seating is not allowed in marked seats. If able, please sit in the furthest row to accommodate for other riders.

NO EATING/DRINKING

To lower the risk of infection, please refrain from eating until you reach your destination.

DON'T RIDE IF SYMPTOMATIC

If you have **ANY** of the symptoms of COVID-19, **DO NOT** board the shuttle. Return to your housing and contact the Health Center at fma@endicott.edu **IMMEDIATELY**

Visit endicott.edu/returntocampus for more information on guidelines and requirements for COVID-19 at Endicott.
